### **Millennium™ M10 – Ten Liter Per Minute (LPM) Concentrator** (with or without OPI\*)

Respironics Millennium M10 Oxygen Concentrator delivers up to 10 LPM of oxygen reducing the delivery cost associated with 5 LPM and above oxygen patients. The M10 is engineered to reduce the cost of providing oxygen at higher liter flows. The M10 has fewer parts than any other concentrator sold today. Fewer parts, combined with greater reliability, help you to reduce expenditures on accessories and unnecessary inventory.
